

BENEATH YOUR LIGHT LIES AN ENDLESS ABYSS

The commemorative album "BENEATH YOUR LIGHT LIES AN ENDLESS ABYSS" 7 Limited Vinyl Editions [SINFUL FEELINGS] is released in celebration of the launching of the fictional game "PAEAN: A Song for the Forgotten". Included with the 12 songs from the common version are 5 new songs exclusive to each of the 7 versions, for a total of up to 35 new tracks.

Each album is named based on the correlation between the seven deadly sins of Catholic philosophy and the seven emotions (七情) of Buddhist teachings, combined with an organ on the perfected "seraph's" body and assigned a corresponding color. The 7 names chosen are as follow:

- Red: 怒/憤怒破翼 — Anger / Wrathful Broken Wing
- Orange: 愛/色欲疲心 — Love / Lustful Weary Heart
- Yellow: 喜/怠惰腐手 — Joy / Slothful Rotten Hands
- Green: 哀/暴食悼顎 — Sorrow / Gluttonous Mourning Jaw
- Blue: 樂/傲慢魔眼 — Pleasure / Prideful Evil Eye
- Indigo: 惡/嫉妒剥皮 — Hatred / Envious Flayed Cage
- Purple: 慾/貪婪圓光 — Desire / Greedy Halo

Each track from the common version do not follow naming schemes, while ones from the limited versions share these properties:

- *The 1st track of each limited version is related to the color depicted.*
- *The 3rd track of each limited version is related to the organ depicted.*
- *The 5th track of each limited version is connected to form a reference to the finale of the main game's canon ending, Ending A.*
- *The 2nd and 4th track of each limited version bears no rules, but should be named in relation to the version theme.*

Taking inspiration from Chinese folklores and the Christian Myth of Creation, the game and album are attempts of exploration to unfold the trauma of war, of obsession towards the superstitious, and how they torn apart the land and the people, fates drowned in ashes and blood as no more than mere pawns, worthless specks of dusts in the callous gamble of higher forces. Through a grim setting, a world drawn to predestined endings under the hands of a corrupted, hollow governmental system, PAEAN reflects a maddening reality etched into form, a world where death is the only choice for those who sought to live.
